The unique toys are an invitation into the experience of being in your body as a moving meditation. They encourage alignment, balance, and mindful creative expression.

DANCE AND FLOW IN ALIGNMENT WITH YOUR OWN NATURAL RHYTHMS

Play Lounge™ creates a sense of connection and community via the toys and various expressions of spontaneous play. The play spaces we create are filled with unique toys*, hoops, slackline, acro yogi's, great music and more...

The toys and Play Lounge™ are open to **ALL LEVELS**. An open mind and a willing body is all that is needed to experience this bliss. These inspiring toys are powerful healing tools releasing holding patterns and integrating new movement trails. The slower you move, the greater the experience of nurturing support, expansion, and blissful expression.
